## GRADUATE FROM 1977

**Don Dyer, nursing graduate with Susan H. Golden,  
Nursing Program Director**

Submitted by Susan Golden:

Don Dyer graduated from the ENMU-R nursing program in 1977. Candi Miller Morris was in his class. He was retired Navy where he served as charge of 2000 men, combat episodes, he lost much of his hearing, and was deployed to Japan 6 times.

He met his wife-also a nurse-in the military. They had 5 children. The eldest is an anesthesiologist in San Diego, one is in business, and the youngest recently quit her job to help care for her dad as her mom died a couple weeks ago. Two of their children died as young adults. They were married 60 years.

He came to nursing school after retirement from the Navy. After graduation he and his wife relocated to Odessa, Texas where he worked at Odessa Medical Center for 30 years. His first position was supervising a women's health unit. He soon moved to ICU where he was a supervisor for 30 years.

A delightful man! He was with his nephew who stated he might be moving to Roswell.

## WHAT'S NEW AT THE LRC

Among a group of online databases in the Learning Resource Center that are available to students, faculty, staff and community members is one called Credo Reference. It is a good tool for research and enables library users to search for information in hundreds of encyclopedias, dictionaries, thesari, quotations, subject-specific titles, as well as 200,000+ images and audio files and nearly 200 videos.

### To access Credo Reference:

1. Go to the ENMU-Roswell home page – [www.roswell.enmu.edu](http://www.roswell.enmu.edu)
2. Click on “Services” at the top of the screen.
3. Scroll down and click on “Library” in the column in the middle of the page.
4. Click on “Credo Reference.”

To facilitate more use of this database we hope to have an icon for Credo available on our library computer screens in the near future.

## SECURITY UPDATE

### *March Madness*

The month of March reminds most of St. Patrick's Day and Spring Break, which can mean more than pots o' gold, shamrocks, and sunny beaches. Many people look forward to these events and consider them as big “drinking holidays”.

For those over 21 years old, green beer can be appealing. However, green beer can leave you worse off than just being green in the face. Every day too many lives are lost and many more changed dramatically due to alcohol poisoning and/or alcohol-impaired drivers.

To ensure you make it back from the good times safely:

**Plan Ahead.** Decide if you will be drinking OR if you will be driving. You can't do both.

**Arrange a Ride.** If you do decide to partake, give your keys to a sober driver.

**Be the Designated Driver.** There are many perks to being the designated driver, don't look at it as being the “party pooper”. Think of all of the funny things you will see and still remember the next day.

**ALWAYS use the Buddy System!** Never let an impaired friend do something you know they will regret the next day or put them in danger. Look out for your buddy and if you are the one drinking make sure your buddy is watching out for you!

**Be Alert.** Whether you are the sober driver on the road or just walking the sidewalks, pay attention to what others are doing. Don't let their irresponsible actions put you in harm's way.

Please be responsible this “holiday season” and remember you can hurt more people than just yourself. A night of drinking is not worth a criminal record or personal guilt that will follow you for the rest of your life.

For more information on the dangers of alcohol consumption, visit us at the Safety/Security Dept. (between IC and ITC bldgs.) or contact us at (575) 624-7180/7181.

## SHIPPING AND RECEIVING

The Shipping/Receiving Department at ENMU-Roswell includes David Barnes and Paul Sandoval who have given over 30 years cumulative service. These two men do not just handle packages and mail, they also take care of the inventory on campus and in the warehouse.

Fortunately, they have both a UPS and FedEx program that lets them know when packages will be arriving five days in advance. They prepare for large shipments as they come in. From there, they process the shipment and distribute it to the corresponding department.

David and Paul sort from 6 packages a day to 40 cases of books a day, along with sorting hundreds of pieces of mail to each individuals' mailbox.

As if there was not enough to do, David also tracks all of the campus' inventory for each department. He receives inventory lists from 70 departments.

David Barnes - 14 Years of Service

Paul Sandoval - 19 Years of Service

If you happen to see David or Paul, give them a high-five and a "Thanks" for all they do.

Both have also received degrees from ENMU-R.

**Reminder for campus employees:** Have your inventory sheets completed and turned in to David by the first week of May. They will be distributed by the first week of March.
