Donovan Fulkerson is the Secretary Pro Term of the Roswell Chamber of Commerce.

Matthew Martinez is the President of the Hispano Chamber of Commerce also spoke at the forum.

Building Bridges Forum

ENMU-Roswell hosted a Building Bridges forum on campus for Roswell and Hispano Chamber members on January 10. This event allowed Chambers members an opportunity to provide feedback about our academic programs and services in addition to community business needs. Chamber members also learned about workforce development and customized training opportunities. Information obtained from this event will be used in the campus strategic planning process.

New Vision Statement:

ENMU-Roswell provides pathways for future success through educational growth and personal enrichment.

New Mission statement:

ENMU-Roswell empowers a diverse community with academic and technical skills.

- Supports and prepares students for success in a rapidly changing world
- Collaborates with business, industry, and the ENMU system

Recognition

ENMU-ROSWELL STUDENTS SELECTED TO ALL-STATE ACADEMIC TEAM

Two ENMU-Roswell students have been named to the 2019 New Mexico All-State Academic Team in recognition of their top academic achievements. Natalia Vital and Shyla Ervin are among a group of outstanding New Mexico community college students who will be honored February 13 at a formal awards ceremony during the All-State Academic Team Recognition Day at the State Capitol in Santa Fe. The program for the day includes a recognition of team members in the House and Senate.

Vital, 20, is a Presidential Scholar and has served as the President of the PTK chapter on campus, Alpha Mu Pi, for the past two years. She is enrolled in the Occupational Therapy Assistant (OTA) Program and will graduate with an Associate of Science degree in May. She is also Vice President of the OTA club for the graduating class. Vital is active at St. John's Catholic Church, serving as a lector and organizing youth group retreats. She also volunteers for Roswell High

School student council and National Guard public service events. She has been on the Dean's List since enrolling at ENMU-Roswell in the fall of 2016. "My vision is to change public policy through research to help people with disabilities live a more independent life with small changes that can be implemented to make our state and/or nation a more sensory friendly environment," she said. "My current goals are to first graduate with my associate's in OT. Then to enroll for my bachelor's at ENMU Portales in American Sign Language. Next, I will gain experience in the field of OT to enroll at St. Augustine University in Austin for my doctorate."

Ervin, 20, is also enrolled in the Occupational Therapy Assistant program and will graduate in May with an Associate of Science degree. She is a Presidential Scholar and serves as Vice President of ENMU-Roswell's PTK chapter and as President of the OTA club. "I have a passion for working in a Pediatric setting but I am also passionate about teaching dance to children and teens of the ages 3 to 18. I have taught, choreographed, and assisted with productions. I have also been a student hire at the Health Science Center for the EMS department and have had a wonderful experience gaining knowledge and skills in the professional office setting." Ervin plans to take and pass the National Board Certification of Occupational Therapy exam to acquire her license.

"I will then hopefully begin my career as a Certified Occupational Therapy Assistant while working towards a Bachelor of Arts and Science and Spanish. Once I finish my bachelor's, my ultimate goal is to be accepted and complete a master's program or PhD to become a Registered Occupational Therapist. I also have the dream of applying and incorporating my dance background into occupational therapy," she said.

Phi Theta Kappa annually conducts a national community college student achievement competition, the All-USA Academic Team for Community Colleges. New Mexico's community colleges have actively participated in this program for many years and annually recognize the students who have been nominated by their institutions as members of the New Mexico All-State Academic Team.

To qualify for New Mexico's All-State Team, students have to maintain a minimum cumulative grade point average of 3.5, with demonstrated leadership skills and active involvement in community service. These students are recognized for outstanding achievement with certificates and medallions.

Awards/Scholarships

ESGR FREEDOM AWARD & BOSSLIFT

ESGR (Employer Support of the Guard and Reserve) held its annual Bosslift and Awards Ceremony on January 25. ENMU-Roswell received the Freedom Award, which is awarded to businesses that support National Guard employees.

This award recognizes the willingness and sacrifices those guardsmen and women make for our country.

Mike Martinez, Karen Franklin and James Edwards accepted the award on behalf of Dr. Shawn Powell.

Roswell employers are given the opportunity to ride in a Black Hawk helicopter during the bosslift.

 Standing (left to right): Kimberly Andazola, Suzie Van Winkle, Sharon Lombardi, Debbie Fedric, Dr. Shawn Powell, Sonia Phillips, Lynn Karnes, Gloria Mendiola

The Roswell Woman's Club has awarded scholarships to eight students at ENMU-Roswell this spring semester. Each student received a \$500 scholarship.

The recipients are: Julia Azih, Occupational Safety Engineering; Eternal Flores, Engineering and Design Technology; Christina Hernandez, Occupational Therapy Assistant, Aurora Maldonado, Business Administration, Behavioral Sciences; Raquel Molina, Professional Pilot Training; Isaac Montes, Criminal Justice; Ramon Montoya, Welding Technology; Andrea Ortega, Occupational Therapy Assistant.

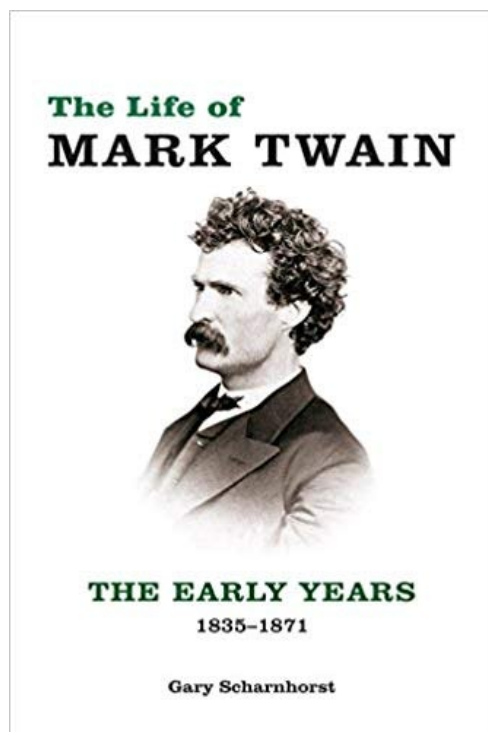

Established in 1895, the Roswell Woman's Club is one of the oldest civic clubs in Roswell and has a long history of support for ENMU-Roswell. The club awards scholarships in both the spring and fall semesters to selected students who have a GPA of 3.0 or higher and have completed at least 12 credit hours. The object of the club is to promote higher educational, social, moral, and civic conditions in the community.

Department Update

WHAT'S NEW AT THE LRC

New to the LRC's shelves this month is author Gary Scharnhorst's first book in what will be a multi-volume set on the life and times of famed American author, humorist, entrepreneur, publisher and lecturer Samuel Langhorne Clemens, who was better known by his pen name Mark Twain. In *The Life of Mark Twain: The Early Years, 1835-1871*, Scharnhorst covers a broad array of culture and events in the mid-19th century, and Twain's early creativity during that time. He would soon become not only a famous author but also a cultural phenomenon. While we are not ordering near as many books as we used to, our New Arrivals Shelves still contain a broad number of interesting reads in a variety of genres. We invite all interested readers to come over and take a look.

SECURITY UPDATE

ATTENTION STUDENTS WITH ELECTRONICS

The amount of money invested in electronics for college students has grown tremendously and will continue to do so as more innovations in technology are made. Protecting these investments is a must! It's important to remember that even though the campus may be your home, you can't always trust those around you as you could if you were in fact "at home". Electronic devices such as televisions, laptops, iPods, iPads, and cell phones are just some examples of the valuable items you must never let out of your sight. Utilize the password protection option (if available) and speak to the Security/Safety department regarding etching your name into certain items, so if they are taken and recovered it can be identified to ensure item(s) are returned to you. College can be a fun time and full of distractions taking your mind away from things you would normally take for granted, but remember that it is also a big melting pot of different types of individuals that you may not be accustomed to being around. So be aware at all times, don't allow yourself to become a victim of theft.

The following website contains a list of safety tips to help keep your items safe from theft while attending college:

<https://mpdc.dc.gov/page/tips-preventing-theft-laptops-and-personal-electronics>

If you have any questions or concerns please contact the Safety/Security Department at **(575)624-7180** or come by the office located between RIC and RITC buildings.

New Clubs on Campus

CKI Officers and members join Kiwanis at the annual All Civic Club Luncheon in November. From left: Claudia Gomez-President; Estefani Trieles-Secretary; Idayssa Loya-Member; Dina Jenks-Kiwanis Advisor. Back row from left: Valeria Ibarra-Member; Nathan Monroy-Vice President.

CKI

CKI is now official! CKI (Circle K Club) of ENMU-Roswell has been chartered as of December 6, 2018. They have already participated in fundraisers, community projects and assisted with the Kiwanis All Civic Club Luncheon in November. ENMU-R is excited to have CKI as a active club on campus. They are always looking for new members.

Circle K International is a service organization formed to help the community through various service projects. It is part of an umbrella of organizations led by Kiwanis International. Circle K International also aims to build fellowship and create leaders within the membership.

The organization raises funds for various causes. The major initiative is: "Focusing on the Future: Children" which aims to help children of ages six to thirteen. In 2007, Circle K partnered with the U.S. Fund to help raise \$500,000 for UNICEF in efforts to help children around the world who do not have access to clean drinking water. This is called "Saving Lives – The Six Cents Initiative." It got its name from the cost in U.S. funds, to purchase one pack of rehydration salts to purify a day's worth of drinking water. Their service partners include UNICEF, Students Team Up to Fight Hunger (STUFH), March of Dimes, Better World Books, Junior Chamber International, and the St. Baldrick's Foundation.

In 2017, Circle K International partnered with UNICEF to adopt the five-year signature project WASH. Circle K International aims to provide education, awareness, and funding to supply clean drinking water and sanitation education to schools and children in Haiti to target Haiti's emergency needs to reach 200,000 people in cholera-affected areas with a complete WASH response package.

For more information on how to become a member, you may contact: Maureen Olguin at (575) 624-7262 or Dina Jenks at (575) 624-7404.

ENMU-R BOOK CLUB

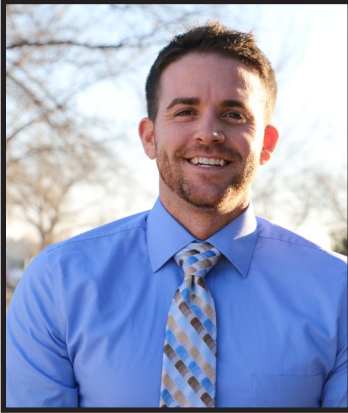

The ENMU-R Book Club has started this week! Employees are encouraged to cut out some time during the week to invest in some important conversations that will most certainly benefit each person as individuals and as a campus. Please visit the Book Club webpage (www.roswell.enmu.edu/bc) for more information on both books they are reading this semester and how the meetings work. If interested in joining, please email Robert Moore (robert.moore@roswell.enmu.edu) with your selected group from the schedule and you will be contacted about how and where to get your book. This opportunity is for EVERY employee at ENMU-R, and is a great way to make even more of an impact on student success, as well as continue to cultivate a healthier climate across a great campus.

Welcome New Staff

DIRECTOR OF THE ONE STOP CENTER

Devin Stroman

Please welcome Devin Stroman, Director of the One Stop Center. Devin recently worked for Region IX-Education Cooperative in Ruidoso, NM. He was a Scholarship Coach and developed a communication plan that would assist scholars with university enrollment processes such as financial aid, registration, and early engagement with academic resources to

promote student success.

Previously, Devin worked at Western New Mexico University as the Assistant Director of Undergraduate Recruitment. Devin supervised a recruitment team, overseeing the day-to-day operations including recruitment, developing events for prospective students, marketing outreach efforts, advising applicants, and much more.

As Director of the One Stop Center, Devin will manage and direct the operational workflow, tasks and responsibilities of the One Stop Center, focusing on the ability to meet deadlines and ensure efficient customer service to students and members of the campus community.

Devin holds a Master of Arts Degree in Educational Leadership and is pursuing a Doctorate of Educational Leadership.

Devin can be reached at Ext 012.

DIRECTOR OF INSTRUCTION/ AVIATION FLIGHT

Please welcome John Ford, Director of Instruction/Aviation Flight. John comes to ENMU-Roswell with over 25 years experience in aviation. He has served as a member of the National Association of Flight Instructors (NAFI) as well as the National Semi Conductors

John Ford

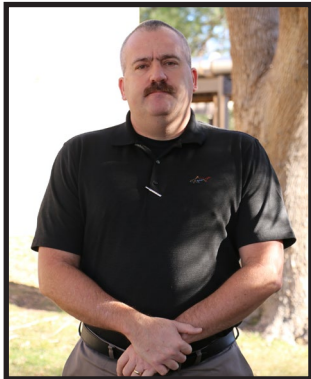

group for the past 25 years. He is an experienced pilot with Cessna's, Caravans, Pilatus-PC 12 and has worked as an emergency medical services pilot.

John is also a veteran of the United States Marine Corps.

He is looking forward to teaching students how to fly here at ENMU-R. He would like to have more time in the air with students so that they can become experienced pilots.

You can reach John at Ext. 023.

DIRECTOR OF CAMPUS SAFETY AND SECURITY

Brad McFadin

Please welcome Brad McFadin, Director of Campus Safety and Security. Brad recently worked for Aaron Holloman, City Attorney of Roswell. Previously he worked as the Deputy Chief of Police for the City of Roswell. He was solely responsible for the planning and preparation of an annual \$11.5 million budget. He supervised every division and employee within the department. He coordinated meetings with departmental supervisors to plan operations. He coordinated with outside law enforcement agencies to plan and execute operational plans. Brad was very involved with recruitment, selection, and hiring of employees. He responded to major crime scenes and natural disasters. He was responsible for updating policies and procedures and assumed all duties of the Chief of Police when the Chief was absent for any period of time. Brad retired with the city after 25 years of service.

Brad will direct the work of the Campus Safety and Security Department, including fire and life safety, parking enforcement, and environmental compliance and sustainability. As director, he will oversee emergency management, as well as conduct safety training throughout the campus.

Brad can be reached at Ext 110.

Try It Track It Project

DEFINE THE PROBLEM:

Success Center staff wanted to survey current students enrolled in a MATH course about their usage or non-usage of MATH tutoring. Success Center staff believed feedback enlisted from both sets of students would provide valuable insights to improving facilities and tutoring services.

HOW WAS IT ADDRESSED?

Success Center staff developed a survey instrument that had two options, one for students who have used MATH tutoring during the semester and another for those who have not used MATH tutoring during the same time frame. Success Center personnel administered the survey for sampled courses at the beginning of class time. The survey was conducted during the week of October 15th-19th.

WAS IT SUCCESSFUL?

After analyzing the results, Success Center staff believed the survey was a good tool to gauge real time student interest during the semester, not after the semester is over.

We also believe that the in-class survey process was an effective outreach program for tutoring offered by the Success Center.

STUDENT SUCCESS CENTER

DATA COLLECTED:

The survey instruments collected quantitative and qualitative data. A total of 125 MATH students took the survey, with a total of 322 categorical responses. 80 students supplied written comments.

Top three reasons why students who ARE utilizing MATH tutoring:

- 1) I need help
- 2) Resources (i.e. calculators, white boards, computers)
- 3) Knowing Help Is Available While Doing Homework

Top three reasons why students who ARE NOT utilizing the MATH tutoring:

- 1) Don't Feel The Need For Tutoring
- 2) My Schedule
- 3) Hesitant To Ask For Help

WHAT DID WE LEARN?

From analysis of both quantitative and qualitative data sets, Success Center staff concluded:

- 1) More exclusive promotions designated towards MATH tutoring.
- 2) Continue building relationships with MATH faculty.

- 3) Conduct research on the "hesitant student" and develop program to get them to use Success Center.
- 4) Redesign some space in the Success Center specifically designed for writing tutoring.
- 5) Consider a "roll out" event in the Spring 2019 to demonstrate and model recent tech additions to the Success Center.

Reasons why you ARE attending Tutoring sessions:

Category Choice	Number	% per category n=49	% of total responses n=173
I need help	44	90%	25%
Resources (i.e. calculators, white boards, computers)	22	44%	13%
