ABOUT THE WRITING LAB

Writing is a multi-faceted process, involving more than just putting words on paper. Writing is a journey of creativity, organization, and refinement. As new students exploring the act of writing, we understand that we all need help along the way.

All ENMU-Roswell students have access to receive free tutoring from the ENMU-Roswell Writing Lab. We can help you with:

- Developing a thesis statement and content
- Organizing your ideas
- Understanding APA and/or MLA formatting
- Developing proper citations and references

In addition to tutoring, we also offer various workshops, resources, and templates pertaining to all aspects of writing. Our goal is to help you develop and improve your writing skills by recognizing your struggles, identifying common errors, and gaining the knowledge and tools to fix them. Whether you're crafting a strong argument, seeking clarity in your writing, or perfecting the nuances of grammar and style, we're here to help!

PLAN AHEAD

To make the most of our service, keep in mind:

- Make an appointment one full day before your paper is due.
- Be prepared for your appointment.
