

EMERGENCY MEDICAL SERVICES

The EMS program is an EMS Bureau Training Program that provides students with the theoretical and practical preparation to qualify for graduates at four levels of service.

RESPIRATORY THERAPY PROGRAM

Respiratory Therapists are allied Health Care Professionals specializing in caring for lung and heart issues patients. Their patients range from premature infants to elderly patients. Respiratory Therapists are employed in various settings, including hospitals, sleep labs, and many more.

WELCOME TO THE SCHOOL OF HEALTH SCIENCES

100% NREMT pass rate on last paramedic cohort

NURSING

ENMU-Roswell's Nursing program is nationally accredited by the Accreditation Commission for Education in Nursing (ACEN) and approved by the NM Board of Nursing (BON). Upon successful completion of the program, the graduate may sit for NCLEX and obtain licensure as a registered nurse (RN).

NURSING ASSISTING

Nursing Assistants are a part of the health care team whose purpose is to care for people who are ill or have impaired self-care capabilities. They work in hospitals, nursing homes, or home health care under the supervision of a professional nurse in carrying out patient care assignments.

MEDICAL ASSISTANT

Students will learn a variety of administrative skills and clinical skills. Some skills learned will be billing, office management, scheduling, vital signs, drawing blood, and much more. Students will also learn to assist the doctor with office surgery and/or procedures and injections.

PHLEBOTOMY

Phlebotomists are part of the allied health care team who have been trained to perform phlebotomy procedures (drawing blood) in hospitals, health care offices, medical laboratories, and blood banks.

OCCUPATIONAL THERAPY ASSISTANT

Occupational Therapy Assistants (OTA) help people whose lives have been affected by physical or mental illness or injury. Clients who benefit from occupational therapy include infants and children, working-age adults, and older persons whose conditions affect their ability to engage in everyday activities or occupations.
