Rayanna S. Ponce

Rayanna Ponce, 19, graduated from Roswell High School and will receive an Associate of Arts degree in Human Services-Alcohol and Drug Abuse Studies. She accepted the Presidential Scholarship at ENMU-Roswell because she thought it would be a great growing opportunity to becoming independent while being close to family. She chose her field because she has seen people struggle with abuse issues and felt there was nothing she could do, but with her education, she knows she can help others. "I enjoyed the atmosphere of ENMU-R and how it was easy to contact my professors if I ever had any questions. ENMU-R has prepared me to expect the unexpected and to keep my eyes open for any opportunity that comes my way. ENMU-R is a great place to try and find where you belong." After graduation, Rayanna hopes to pursue a bachelor's degree in Social Work.

Brianna G. Salvarrey

Brianna Salvarrey, 21, graduated from Goddard High School and will receive an Associate of Science degree in Nursing. She said ENMU-Roswell offered her the Presidential Scholarship, which was a great way to help her start her career path close to home. "I enjoyed being able to have one-on-one time with my instructors and them being very flexible and attentive to their students. ENMU-R has taught me how to manage my time wisely and plan accordingly. Also, they have taught me how to be flexible and work as a team." Brianna said ENMU-Roswell staff and faculty provide a welcoming environment to students and are always ready to help. "Never be afraid to start small because this school can help you become successful." Brianna previously worked at Kymera Cancer Center. After graduation, she plans to stay working in Roswell for another one to two years to get more nursing experience.
